Ms. Daphne Phung, Founder and Chief Executive Officer
California Against Slavery
P.O. Box 7057
Fremont, CA 94537

Dear Ms. Phung,

On behalf of the Board of Directors and membership of the Sacramento Police Officers Association, I am pleased to announce our support for the California Against Slavery ballot initiative campaign. We strongly believe that this initiative is a bold and tangible solution to address the long-overlooked and serious issue of human trafficking in California.

Our state cannot ignore this very important and significant issue for its citizens. We must have more stringent laws that undeniably hold the perpetrators of such crime accountable, but at the same time, protect victims of these heinous acts. When passed, we believe such an initiative will greatly deter the expansion of this crime by increasing the penalty and fines for perpetrators, implement more effective tools for law enforcement officers and, most importantly, bring a higher level of awareness to the citizens of California.

The Sacramento Police Officers Association is proud to stand with California Against Slavery in furtherance of this initiative. Please utilize our organization's name and logo in your media campaign as a demonstration of our staunch support for you and your efforts with California Against Slavery.

It is our hope that, with our endorsement, SPOA can help encourage all California law enforcement officers and citizens to support the California Against Slavery campaign, as well as successfully address the tragedy of human trafficking not only in California, but throughout the country.

Sincerely,

A handwritten signature in blue ink that reads "Brent J. Meyer".

Brent J. Meyer
President
Board of Directors
